

C. Bryan & Laura Davis

Missionaries to Senegal, West Africa

December 2008

Merry Christmas

Friends and Family,

Thank you for another year of prayers and support. This is the second year of our term and we can see the Lord doing wonderful things here in Saint-Louis. The school has opened, the church is growing each month, and the radio program continues to go out over the airwaves. We wish you all a very Merry Christmas and Happy New Year.

Your support helps us to remain on the mission field and continue this ministry. Thank you for your continued prayers and financial support.

Account #256395

School Project #4573

Radio Project #4611

Prayer & Praise

Praise the Lord

- The new school is officially recognized by the Senegalese government.
- Radio Leer Gi sponsored a free medical clinic that saw over 300 patients from the neighborhood.

Please Pray

- Pray for the finances of the new school.
- Pray for the radio ministry outreach.
- The Senegalese pastoral retreat will take place in December. Please pray that it will be a refreshing and encouraging time for the pastors.
- Bryan will be teaching at the Senegal Bible School in December.

School Opens

The Leer Gi Christian School opened in October 2008. Leer Gi is Wolof for light or revelation. What our school offers is not just knowledge, but also a presentation of the revelation God has given. Through prayer and public relations efforts the community is receiving Leer Gi with open arms. People are responding to the fact that the school is meeting a felt need in this part of Saint-Louis. Most of the children who attend would not be going to school if it weren't for Leer Gi, and many are the first in their family to attend school. Parents and grandparents pass by each day and tell us they are glad to have us in their neighborhood. Pray with us that the Lord will use this school to break the chains of poverty and spiritual darkness in Saint-Louis.
